

CHESS PC SOFTWARE PLAYING PROGRAMS*(on CD for WinXP systems unless otherwise stated)***Fritz 8 Championship Edition £39.95**

Our top seller! This improved Fritz8 'Bilbao' engine on a 1700M Centrino scored a remarkable 3½/4 in the recent Man v Machine match for a 2981 Elo rating, and is stronger than ever before! Programmed by Holland's Franz Morsch, it has great tactical strength, and is a very good all-round program! Includes photo-realistic 3D boards and some great Chess Media video teaching from Kasparov, Martin and Wells!

Deep Fritz £74.95 (for single and multi-processor PC's!).

Deep Fritz drew 4-4 against BGN World Champion Vladimir Kramnik!

Junior 9 £39.95 (the 2002 and 2004 World Champ!)

Junior is renowned for its fast, aggressive and sacrificial style. If you want a Tal in your PC, this is probably as near as you'll ever get!

Deep Junior £74.95 (for

single and multi processor PC's).

Drew 3-3 in its 2003 match with Garry Kasparov, playing a mind-blowing novelty, barely out of the opening, in game 5.

**CHESS PC SOFTWARE PLAYING PROGRAMS***(on CD for WinXP systems unless otherwise stated)***Hiarcs 9 £39.95.**

The earlier Hiarcs8 was the positional star in the Gulkar and Smirin matches, scoring 2½/4, then it drew 2-2 with super-GM Bareev, all on P4/1000 hardware. Programmed by Britain's Mark Uniacke, with an opening book by Countrywide's own Eric Hallsworth, Hiarcs is knowledge-packed, clever at seeking an initiative in quieter positions, and strong all-round.

**Shredder 8 £39.95**

Shredder programmer Stefan Meyer-Kahlen won the 2003 World Championship, and then came 2nd. in 2004 with this new faster search version. tops the PC rating lists! Knowledge-packed with a solid style, and very hard to beat.

**Chess Tiger 15 £39.95.**

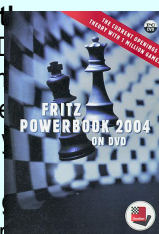

This fine program by France's Christophe Theron is another which plays in an attacking style. It also has a range of quieter and more aggressive settings within the program, which users can enjoy.

In the event that there is a newer version of the program you order (e.g. say a new Hiarcs-10 has come out), we will send you the latest version automatically

Endgame Turbo-2 DVD set £39.95

Turn your computer engine into an **endgame expert**! These do for your program's endgame what the PowerBooks do for its openings! The 5 DVDs cover the famous Nalimov TableBases for all the 5-or-less piece endgames, and some 6-piece endgames. Note that when using these, all ChessBase engines now play dramatically better endgames even when there are more than 5 or 6 pieces on the board because, as exchanges occur within the search bringing the position down to pieces, the programs immediately know to access the TableBase info!
