## Meet Hummer the Vibrating Nymph

Hummer strolled along a familiar path in the forest. Something very unfamiliar caught his attention. Humans. Two of them making out on a blanket in his favorite spot by the lake. He tilted his head and watched the man move up and down, in and out. The woman, poor thing, looked at a butterfly passing by.

Beyond them was the water. And the water is where he wanted to be. The nymph set his plan in motion. He had his own rendezvous waiting and these people were not going to delay him.

The man groaned and grunted. The woman occasionally making a sound.

"Tsk ts." He slowly approached them. So small and insignificant they didn't hear him. But the instant he touched the woman's toe she felt him.

"Oh," She moaned in earnest. Hummer smiled. Of course, the women liked him.

He stroked his vibrating tongue over her big toe. He knew the sensation traveled well into her body, up to the clit her man could not seem to satisfy. It stroked through her and passed right into him. Hummer feared he may come instantly, silly human, but the big brute held out.

He hummed, slow and low. The vibration washed through the three of them, his power charged, the woman wailed in ecstasy, the man convulsed with his orgasm. Hummer let go, and wandered on about his way. That was the thing with humans, so easy to satisfy. He wished sometimes he were human. It took a great deal more to satisfy a vibrating nymph.

"That was fabulous." The woman told the man. "Can you do it again?"

"I don't know how I did it the first time, did you feel a...a vibration?" He rolled from the woman.

"I thought you had a vibrator." She asked.

"I thought it was you." He looked around but Hummer was on the other side of the tree now watching the pair.

"It must have been an earthquake." She laughed as she stood, pulling her skirt down and her panties up.

"Come on." The man grabbed her hand and pulled up the blanket. "Let's go before the big one hits."

Hummer laughed and the tree limbs shook slightly. He wouldn't mind a crack at giving the pretty blonde a "big one" he thought as they walked away. The beautiful blonde-haired woman looked back. Hummer smiled. The woman knew there was something more in the woods that afternoon, it was something special, it was him. His chest raised and he felt proud of his warm up. Maybe she would return and he could show her exactly what a big one felt like.

"Are you coming to play with us or what?" The water sprites called to him.

Hummer looked to the clear blue water and the three sprites waiting for him. Each blended perfectly to the background, sparkling as if the sun shined down just for them. Licker's lips turned pink, Liquid's eyes shimmered, and Indigo stared at him.

"I don't know." He leaned against the tree. "Last time I played in the water I was cautioned by King Leather that if I disturbed the masses again I would be...bound."

"You'd like it." Liquid teased. She was his favorite sprite though he would never tell her. It wasn't as if she could please him alone and when he thought of her, he wanted her alone. But there were three of them. If he worked things right this time and stayed out of the water, he may actually get to come.

"Hummer," Licker pouted.

Oh to see the kissing sprite pout. Her full pink lips were a man's undoing. Her tongue as soft as rose petals, just thinking of it made his dick rise and twitch. Liquid must have noticed. She turned to Licker and kissed her. He watched the beautiful

figures move in the water, tasting and teasing one another. They were anxious and Liquid surely sent warmth through Licker, and Licker surely sent sweet sensations in return. They touched each other's breasts; Liquid placed a hand below the surface where he could not see. Hummer smiled and shook his head.

Naughty little water sprites.

Indigo perched quietly on her elbows, her blue eyes watching him and not the women next to her. "I saw what you did you know?"

"Did you?" Hummer stepped towards the trio. Licker and Liquid stopped kissing but they continued to touch and stroke one another.

"I couldn't feel it all the way over here, but I watched her." Indigo pushed out of the water, her wet, naked body as blue as the water behind her. "Will you make my face twist and my hands fist the earth?"

This was her first time. At least with him.

"Do you want me too?" Hummer sent the vibration on the air. It caressed her nipples when it reached her, tightening them to perfect little beads.

"No." Indigo moved closer. She licked her lips, touched her breasts. "I want to look beautiful when I come."

He laughed, an uncontrolled vibration swept out and pulsed over them as it touched the air. They all three drew nearer. "You will look more beautiful when you come."

Indigo stepped closer. He could smell the fresh water. Her blue skin and long blue hair shimmered with each step.

"Hold up." Licker caught up to Indigo in just a few strides. The sway of her full breasts caught his eyes. "You are new here. I'm first."

"You're first?" Liquid pushed between them both. Her brow arched and her lips pouting she looked at him to settle things. "I'm the one who arranged this meeting."

"She does have a point there." Hummer smiled at the three sprites. Each a different color except Licker who was white like the spray. Her pink lips came and went with her mood. When she wanted to entice you, they were pink. When she was not in the mood,

they were as pale as the rest of her body. "But I came here for all three of you, not just one. And all three of you it will take to please me."

"Ugh." Indigo put her hands on her lush hips. "That part is true?"

"What? You thought I came here to get off a bunch of water sprites and walk home hard as wood?" Hummer laughed and they reached for him, trying to steal any vibration they could. Indigo grabbed his arm, Licker his chest and Liquid his hand. "Now ladies, why such desperation? Surely you can handle me?"

"It took twelve last time." Licker's lips turned pink and her tongue slid out to stroke them. Her pale white eyes glittered.

"Ah, but you couldn't get to me last time. Nor could you." He squeezed Liquid's hand and she squeezed back, letting a warm surge rush through him. His prick strained. These three sprites may be more of a match than the harem that attacked him before. "Indigo, what is your power?"

"I control waves." She looked away. Certainly, she didn't know how important it could be to control a wave of passion.

"Yes." Hummer nodded. "You three will do."

Pleased, the sprites smiled. They began by removing his loincloth. The erection they revealed bobbed and weaved. They collectively gasped. For the first time in a long time, he felt a vibration from someone else.

"Let me start." Liquid reached for his shaft. At her touch, a warm wet fire spread through him. He held out his arms, Licker began kissing one and Indigo the other. His wrists, his elbows, and then his neck as they made their way closer. Liquid gently pumped his shaft. Hummer tried not to make any noise, so as not to unwillingly vibrate.

Licker moved to the back of his neck. Her soft mouth and rose petal tongue stroked his neck, then down his spine. She stopped at his tailbone then nipped his left butt cheek. "I thought you were a licker not a biter?"

"I like to do both." On her knees, she kissed the back of his knees, then his ankles. Crawling to his front on all fours, she moved Liquid's hand and pulled him between her lips.

"Ohhh," he said and the three sprites moaned. Hummer swallowed his moan and tried to focus. The longer he held the vibrations inside the easier it would be for him to get off. No one understood how frustrating it was to make a woman squirm with a simple conversation but to hold it all in just to keep a little for himself.

"Do it again." Indigo moved to her knees opposite Licker and darted her tongue between Lickers efforts. With no room for three mouths on one cock, Liquid turned his head towards her, kissed him briefly on the lips and moved between the two sprites on their knees. She grabbed their hair, as she stroked the sprites moaned, the liquid heat rushing through both of them and transferring slightly onto him.

Hummer felt one knee give and he stepped back to steady himself. The three sprites looked disappointed. "I need to lay down ladies."

"Let's get in the water." Indigo suggested.

"No!" Hummer, Liquid and Licker replied at once. That was how he got in trouble the first time. The sprites felt the vibration on the waves and they started coming, one by one and before he knew it, they were attacking him, he let out a huge growl, which vibrated throughout the water enough to send them into orgasmic spasms. It was also enough for him to escape. Barely.

"Indigo, you come here, stand above me." Hummer lay out on the ground. "Licker, you come sit here on my chest. You wait for me to say so then you move to sit on my lips, and you take care of her as I take care of you. Now you, Liquid, you know where to take your seat."

"Then I need to sit first." Liquid moved into position above his bobbing cock. She gripped his shaft and placed her wet and warm pussy right above the head. As she sheathed him, he swallowed the moan. Her power pulsed through him like liquid fire, warming him all over.

"Come on." Licker pulled Indigo into place.

“But I’ve never...”

“And you never will again if you don’t get in position.” Licker sat on his lips. His hands moved to pull her sex apart and taste her. He wondered how often the Licker had been licked, not very by her reaction.

Indigo stood in position and learned why she was called the Licker. Soft lips and tongue explored her cunt the same way Hummer must have been teasing Licker. If he felt anything like she did there was no way Licker would be able to create her own rhythm. As it was Indigo’s legs trembled, the waves of desire building inside her. The heat from Liquid, the stroke from Licker was enough to do her in. When Hummer began to hum, she felt the vibration through Lickers tongue on her clit. She pushed the wave back into Licker’s mouth, washing it through Hummer and into Liquid who sent another warm rush through them.

His hum became louder, harder, faster. They all moaned, focused, and spiraled higher and higher. It was difficult to control the massive force building between them. To keep pushing it back, wave after rolling wave of pleasure mounting until finally, he broke.

Liquid cried out, as she was the recipient of his seed. The warm wet pulse she sent brought Indigo to her knees. Licker trembled with the aftershocks, falling to her side. Liquid collapsed on his chest.

Hummer sighed. The satisfaction a vibrating nymph only achieved once in a purple moon. Three sprites lay connected to him, touching his arms, and one on his chest. They had given him a great gift. He gripped Indigo and Licker’s hands, Liquid looked him in the eye, he winked. Then he hummed, sending them all three over the edge again with sweet slow vibrations that let them know he was the only one to please them all, all the time.

Three shaky sprites crawled back into the water. He slipped in as well, just for a moment. He needed to wash the afternoon’s adventure from his well-sated body. Hummer felt relaxed. He felt good. Then he felt a wave push him up out of the water.

“Run!” Indigo yelled.

He turned and watched his three lovely sprites try to hold back the mass of women heading his way. "Damn!"

He ran through the woods. Safe to play for another day.
