Part 5:

Not-Invented-Here Bias

Are you overly committed to your own ideas?

How can communities reduce the amount of water they use without imposing tough restrictions?

Use only the following words in your solution:

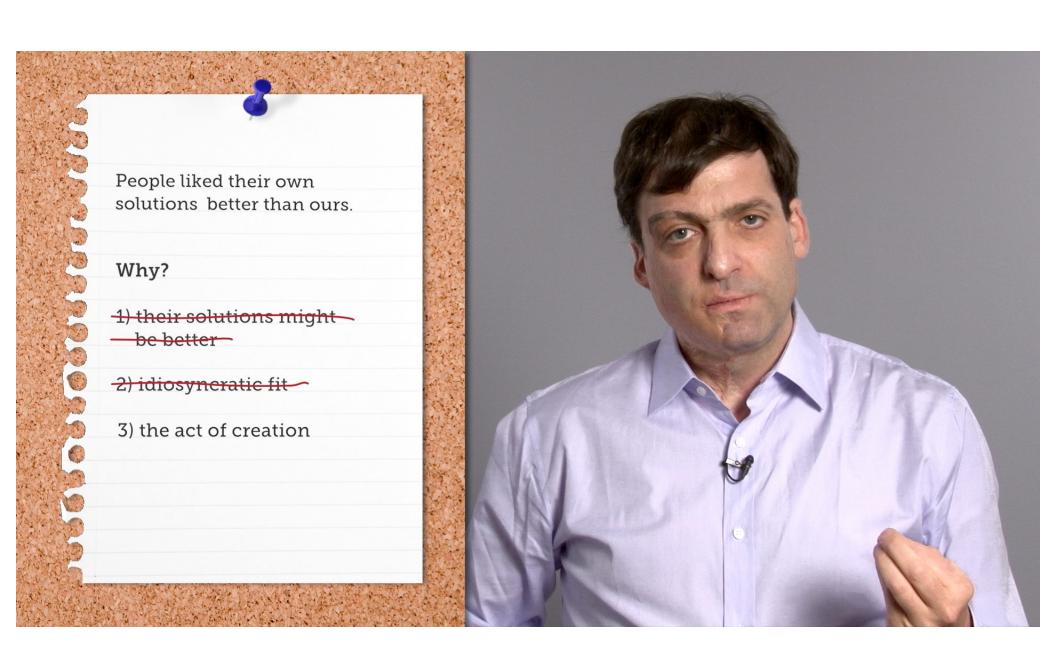

| lawns | drains | using | gray | recycled | recovered | water | household | water | from |
|------------|---------|--------|-----------|----------|-------------|--------|------------|---------|---------|
| watering | on | shower | gardens | crops | to | used | mostly | semi | down |
| dirty | instead | clean | the | domestic | consumption | set | home | an | already |
| irrigation | reuse | partly | partially | then | by | system | activities | clarify | a |
| sprinkler | use | purify | recycle | other | in | wash | for | as | of |

How can communities reduce the amount of water they use without imposing tough restrictions?

Use only the following words in your solution:

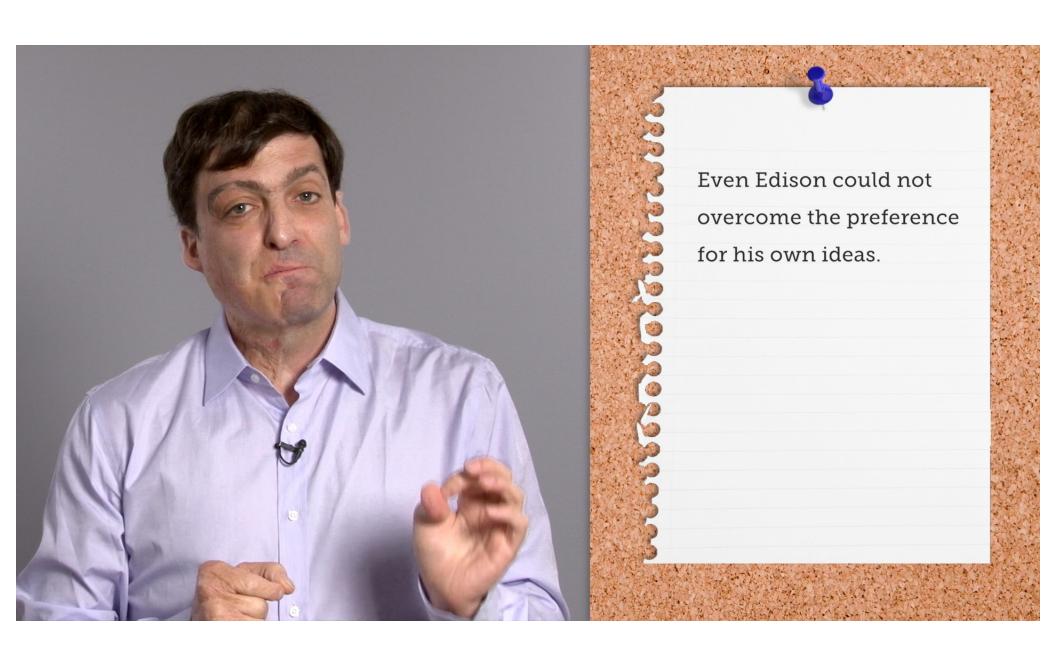

| 1 | duning. | | | we seemed and | | | la accessita al al | | £ |
|------------|---------|--------|-----------|---------------|-------------|--------|--------------------|---------|--------|
| lawns | drains | using | gray | recycled | recovered | water | household | water | from |
| watering | on | shower | gardens | crops | to | used | mostly | semi | down |
| dirty | instead | clean | the | domestic | consumption | set | home | an | alread |
| irrigation | reuse | partly | partially | then | by | system | activities | clarify | a |
| sprinkler | use | purify | recycle | other | in | wash | for | as | of |

Water lawns using recycled gray water recovered from household drains.

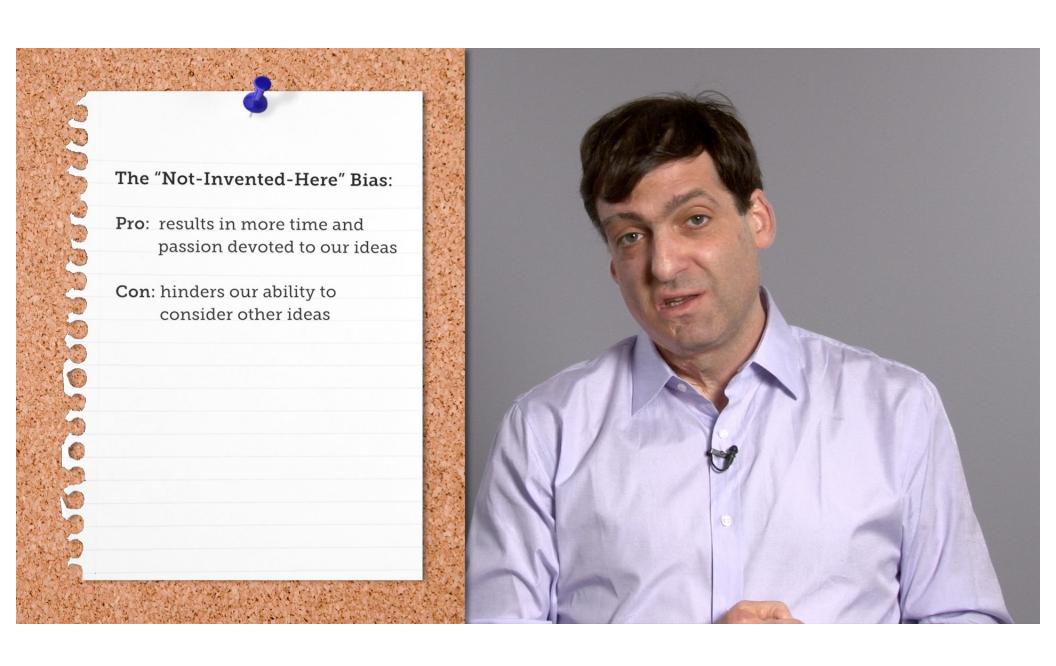

How can communities reduce the amount of water they use without imposing tough restrictions? Use only the following words in your solution: lawns using from drains water water recovered

MY TOOTHBRUSH, MY LOVE, MY ONE AND ONLY...

"MINE IS THE BEST."
