

# Browsers

**Your options**

## Differing Browsers

- **Different browsers have their pros and cons**
- **Most people have a preferred browser**
- **You need to test your site on multiple browsers.**

## Internet Explorer

- **One of the most popular browsers**
- **Preinstalled on Microsoft Windows and free to download**
- **Not available on the Mac**

## Safari

- **Works on Mac and Windows operating systems**
- **Free to download**
- **Default browser on iPhones and iPads**

# Google Chrome

- **Freeware browser developed by Google**
- **Fast browsing**
- **Greater security**

## Firefox

- **Free browser developed by Microsoft**
- **Works on Windows and Mac**
- **Secure and fast**
- **Resource heavy**

### Worldwide Desktop Browser Market Share

By Version - October 2014

[www.netmarketshare.com](http://www.netmarketshare.com)

## Review

- **Browsers can vary in how well they adhere to HTML5 standards**
- **Different versions of browsers need to be considered as well**
